Bright Abilities
Family Enrollment Agreement

Quantum Montessori Program • Reusable agreement for every Bright Abilities enrollment pathway

This Enrollment Agreement is between Quantum Montessori Online LLC, doing business as Quantum Montessori (the "School"), and the signing parent or legal guardian ("Family") for the learner identified in the enrollment application. This agreement must be completed for each learner.

1 Program and Educational Model

Bright Abilities is an early-learning program for young children, offered through a parent-led Homeschool pathway and a Guided online pathway. The School provides Montessori-aligned learning materials and support. Guided learners participate in scheduled live sessions with Guides and peers and complete developmentally appropriate offline activities with support from their Home Guide. Bright Abilities is not a full-day School From Home program.

2 Selected Pathway and Family Investment

Enrollment pathway	Monthly Family Investment
Homeschool	$149
Guided • 3 days per week	$595
Guided • 4 days per week	$695
Guided • 5 days per week	$795

Chosen pathway (select one): ☐ Homeschool ☐ Guided 3-day ☐ Guided 4-day ☐ Guided 5-day

Requested start date: _____ Official start date (school-confirmed): _____

Monthly tuition is charged according to the confirmed pathway. Changes of pathway or schedule require written school approval and may change the monthly Family Investment.

3 Three-Month Initial Enrollment Commitment

Every Bright Abilities enrollment pathway requires an initial commitment of three consecutive enrollment months beginning with the School-confirmed start period. A Family remains responsible for the agreed charges during the initial commitment, subject to applicable law and any written exceptions approved by the School. An early withdrawal request does not automatically release the Family from the initial commitment.

4 Continuation, Renewal and Withdrawal

At the conclusion of the initial three-month commitment, enrollment renews automatically for successive three-month terms unless the Family provides written notice of withdrawal at least 30 calendar days before the end of the current term. Written withdrawal notice must be sent to Family Enrollment | eduteam@quantummonti.com

eduteam@quantummonti.com. Notice received later than the deadline does not cancel the upcoming renewal term unless the School agrees otherwise in writing or applicable law requires a different result. The School will confirm receipt of withdrawal notices and any applicable final billing obligations in writing. This renewal provision is subject to applicable law and any written exception approved by the School.

5 Enrollment Fees, Initial Invoice, and Payments

An enrollment application must be completed before invoicing. School staff review the application, confirm the pathway and start date, and email an invoice; no online payment is collected by the application. For self-pay enrollment, the intended initial invoice includes an annual administration fee equal to one month of selected tuition, the first month of tuition, and the final month's tuition as a prepayment credited to the last enrolled month. For ESA-funded enrollment, the intended initial invoice includes the annual administration fee plus the first and second months' tuition. These charges are due at enrollment even when a later start date is selected; no assumed proration applies. ESA invoicing is not proof of payment. All amounts, timing, fee recurrence, and funding procedures must match the final invoice and any applicable signed program policies. The School will not charge Stripe until the integration is enabled and tested.

6 Scheduling and Attendance

Homeschool learning is directed by the parent or Home Guide using supplied resources. Guided families choose a three-, four-, or five-day attendance option, subject to placement and staffing availability. Guided learning ordinarily includes a recorded 30-minute Teaching Time session provided in advance, a 30-minute live lesson, a 30-minute live social or peer experience, and at least 30 minutes of offline hands-on work. Session times, peers, and daily details may be adjusted by the School with notice. Families are responsible for helping young learners participate safely and appropriately.

7 Parent/Home Guide Responsibilities

A responsible adult must be available to support the child as needed, supervise use of home materials, facilitate device access for online participation, and communicate attendance or concerns. The Family agrees to provide accurate contact information, monitor school communications, and make reasonable efforts to support assigned offline work.

8 School Responsibilities

The School will provide the resources and Guided sessions corresponding to the chosen pathway, use developmentally appropriate learning methods, and communicate significant schedule or program changes. The School may recommend an individual conversation if a learner needs different participation supports. No diagnosis is required to request appropriate support.

9 Learner Safety, Accessibility, and Conduct

Families and Guides will communicate respectfully. A learner may need an adult nearby for safe participation. The School will address accessibility and accommodation requests through

individualized discussion. The School may suspend a session or arrange follow-up if participation conditions present a safety concern. Any change to enrollment status will be communicated in writing and handled according to applicable law and School policy.

10 Recordkeeping, Privacy, and Media

The School may maintain enrollment, academic participation, invoicing, and family communication records needed to operate the program. Family information is used for school purposes and disclosed only as authorized or required. Promotional photographs, recordings or learner work will not be used without a separate affirmative media authorization. Group video sessions may require limited live display of names or images to facilitate instruction; the School will communicate participation expectations.

11 Third-Party Funding and Scholarships

Families who request ESA or other third-party educational funding remain responsible for obtaining authorization and for eligible balances not paid by that source, as permitted by applicable law and the enrollment documents. Scholarship awards, if any, require a separate written award and acceptance; no scholarship is presumed from this Agreement.

12 Scope of Services and Learning Outcomes

The Family acknowledges that individual developmental progress varies. The School does not guarantee specific academic outcomes. Bright Abilities fees do not include private tutoring, assessments, therapies, or other separately priced services unless expressly stated in the enrolled pathway description.

13 Relationship to School Policies; Changes

This Agreement is read together with the School's applicable Family Handbook, published policies, and signed enrollment documents. Material changes to tuition, commitment, or payment obligations require notice and any consent required by law or contract. If an unavoidable closure or interruption occurs, the School will communicate the learning continuity plan and any applicable contractual or statutory remedies.

14 Governing Law and Electronic Signing

This agreement is intended to be governed by Arizona law to the extent applicable. The Family agrees that an electronic signature, when captured with appropriate consent and records, may be used for this agreement.

15 Required Family Acknowledgments

☐ I selected the correct Bright Abilities pathway and understand its monthly tuition.

☐ I understand the required three-month initial commitment applies to every Bright Abilities pathway.

☐ I understand that a requested start date and preferred class time are subject to school confirmation.

☐ I understand the invoice will be emailed after application review and that initial charges are due at enrollment.

☐ I understand that the School's regular enrollment and withdrawal requirements remain applicable.

☐ I have reviewed this Agreement and consent to sign electronically.
